

Why Membership Matters

DOWNTOWN
DALLAS INC

“Though we were born and raised in Deep Ellum – just a short walk from Downtown – entering into the Downtown Dallas market was new for Common Desk. DDI came along-side us in our pursuit to learn the ins and outs of life in Downtown with such kindness and zeal.

They have been a consistent resource for making connections in the area, using their network to promote and highlight our brand, along with inviting Common Desk to events that have paved the way for new relationships and lasting members. The DDI team strives to serve the businesses within the organization in any way that they are able, and we are grateful to be among the recipients of their dedication!”

Megan Baynham, Community Manager at Common Desk

“Being a Dallas native, I have seen Downtown Dallas transform from an empty central business district into a major capital of business and trade. All great cities need a productive and engaging city center. That’s why ANDRES supports Downtown Dallas, Inc., making it a priority of ours to support the private efforts of so many people working together to make Downtown Dallas a thriving global destination.”

Wade Andres, CEO of ANDRES Construction
